

Strativia is a mission-driven professional services company delivering high-impact solutions across **Technology, Consulting, and Services**. We support government agencies in achieving operational excellence through secure digital platforms, mission-aligned advisory, and cleared talent for critical operations. From modernization and cybersecurity to logistics and scientific services, our teams help clients execute with clarity, scale, and resilience across civilian, defense, and intelligence domains.

Why Strativia?

Clients choose Strativia for our **speed, accountability, and proven results**. As a **Top Secret-cleared, CMMI- and ISO-certified company**, we bring **agile execution, mission-seasoned professionals, and performance metrics** that ensure reliable outcomes. We're a trusted partner known for rapid mobilization, zero disruption, and a relentless commitment to exceeding mission expectations.

What Makes Us Different?

Strategic Focus

We help agencies become faster, smarter, and more secure. With expertise spanning cyber, technology, scientific, logistics, and workforce transformation, Strativia delivers value with measurable results.

Dedicated People

Our cleared professionals bring technical excellence and a culture of accountability. We attract and retain top talent through competitive benefits, robust training, and leadership support.

Relevant Competencies

We bring specialized skills, certifications, and technology fluency—delivering mission-aligned performance across federal environments.

Domain Expertise

Our teams understand federal missions. We deploy people with deep experience in defense, civilian, intelligence, and scientific agencies.
